1. **Call to Order**

The meeting was called to order by Mayor Redekop, Chair at 6:00 p.m.

Mayor Redekop acknowledged the land on which we gather is the traditional territory of the Haudenosaunee, Mississaugas of the New Credit and Anishinaabe people, many of whom along with the Inuit and Metis live in this community to this day.

2. **Roll Call**

Present: His Worship Mayor Redekop, Councillors Butler, Dubanow, Lubberts, McDermott, Noyes and Zanko

3. **Announcements/Addenda**

Mayor Redekop made the following announcements:

- Ridgeway Summer Festival was held this past weekend.
- Friendship Festival is coming up in two weekends.

4. **Declarations of Pecuniary Interest**

Councillor Dubanow declared a pecuniary interest with respect to Report No. PDS-42-2019 – High Pointe Estates Amending Subdivision Agreement – North End of Green Acres Drive, West of Pettit Road – Marina (Green Acres) Developments Inc. (Farhan Adam, Faheem Adam & Luciano Fruiti) since the company he works for has been retained as a subcontractor for Marina (Green Acres) Developments Inc. and the High Pointe Estates Subdivision. He abstained from discussing or voting on the matter.

Councillor Butler declared pecuniary interests with respect to Public Meeting (a) and Report No. PDS-43-2019 re: Property Re-Zoning, as she has, in the past, done business with Beam Construction which is
owned by Alfred Beam. She abstained from discussing the public meeting or discussing and voting on the Report.

Mayor Redekop declared a pecuniary interest with respect to Report No. IS-22-2019 Re: Award of Tender, as his son-in-law is employed by one of the companies submitting a tender: Circle P. Paving. He abstained from discussing or voting on the matter.

5. Notice of Upcoming Public Meetings

None.

6. Public Meetings

(a) Property Rezoning

Re: 1211 & 1225 Sunset Drive - Alfred Beam & Janet Beam (Owners) - Sullivan Mahoney LLP (Thomas Richardson) (Agent). The applicant is proposing to rezone from Agricultural A Zone and Agricultural A-77 Zone to three new site specific Agricultural A Zones. 1211 Sunset Drive is a single detached dwelling with a construction trades establishment to the rear and 1225 Sunset Drive abuts to the north with a single detached dwelling that also functions as an office for the construction trades establishment. The intent is to merge the dwelling and office on 1225 Sunset Drive with the construction trades establishment and split the dwelling on 1211 Sunset Drive as a separate parcel.

Mayor Redekop announced that this portion of the meeting would be devoted to the holding of a Public Meeting to consider a Property Rezoning Amendment from Agricultural A Zone and Agricultural A-77 Zone to three new site specific Agricultural A Zones at 1211 Sunset Drive and 1225 Sunset Drive.

Mr. Vander Veen, Planning Technician, delivered a PowerPoint Presentation which is available for viewing on the Town’s website.

Mr. Vander Veen confirmed the statutory requirements for the Public Meeting were met, summarized the purpose of the meeting and reviewed the related report.

Mayor Redekop asked if the Agent wished to speak on Mr. Beam’s behalf.
Andrea Mannell stated that she is a lawyer at Sullivan Mahoney. Her firm represents Mr. Beam and she is appearing on behalf of Tom Richardson, Agent, in this application. She stated the application is for a Zoning By-law Amendment in regards to 1225 and 1211 Sunset Drive. The predominant purpose is to acknowledge that the dwelling at 1225 is being used as an office when it is not zoned for that and to add in the site specific zoning so that it can continue to function as an office for the construction trades establishment, and then, there will be a subsequent consent application to sever the dwelling at 1211 from the larger lot, which will then merge with what is currently 1225. The purpose of this is simply estate planning.

Mayor Redekop enquired if anyone present wished to speak in favour of the proposed amendments.

No person(s) came forward.

Mayor Redekop enquired if anyone present wished to speak in opposition of the proposed amendments.

No person(s) came forward.

Mayor Redekop closed the Public Meeting.

8. Infrastructure Services

Chaired by Councillor Zanko.

8.1 Presentations and Delegations

(a) Nick Larson, Partner and Amanda Beattie, Partner, GM BluePlan Engineering Limited

Mr. Larson delivered a PowerPoint Presentation which is available for viewing on the Town’s website.

Mr. Larson stated that he is filling in for Mr. Watt this evening and is joined by his colleague Amanda Beattie. He explained the purpose of the Asset Management Plan (AMP) is to guide corporate decision making related to the construction, operation, maintenance, replacement, expansion and disposal of infrastructure assets, while minimizing risk and cost to the Town, its taxpayers and maximizing service delivery. He reviewed the study tasks that were undertaken.

Mr. Larson advised the Infrastructure for Jobs and Prosperity Act (2015) established a mechanism to encourage principled, evidence-based and strategic long-term infrastructure planning. It gives the Province authority to regulate municipal asset management planning. Ontario Regulation 588/17 sets out detailed requirements for AMP’s, provides a timeline and deadlines for meeting these requirements.

Mr. Larson provided an overview of the following:

- Asset Management Framework;
- Study Objectives;
- Infrastructure Report Card; and
- Additional Funding for Wastewater.

8.3 New Business/Enquiries

(a) Councillor Noyes

Councillor Noyes stated she is glad to see the comprehensive ditching program going forward. She had a chance to talk to Mr. Maiden but not Mr. Walsh. She was talking to the Drainage Engineer, Neil Morris, and he was talking about how the drains and ditches should go together. He commented there are drains that the residents pay a considerable amount of money for to get their drains done under the Drainage Act and nothing changes for the home. They get no benefit because the ditches associated with those drains do not change and aren't cleaned. So because the ditches aren't in good condition, these drains were done at a huge expense to the benefitting taxpayers and there was no change in regards to the water flow. She is hoping there can be some coordination that when we complete a drain, the ditching associated with that drain be given top priority.

Councillor Noyes advised that Mr. Maiden mentioned the two drains that we've done being the Zavitz Drain and the Marsh Drain, and now we're doing the Glenny Drain, and he mentioned that by the time the last drain gets done, it will be three years. The Comprehensive Ditching Report will probably already be done. She asked Mr. Maiden how are the ditches associated with the Zavitz Drain and the Marsh Drain?

Mr. Walsh responded the Ditching Master Plan that we're having commissioned by GM BluePlan will look at prioritizing ditches. So if there's not an outlet for a ditch to a municipal drain, it would be a little lower on the priority list whereas drains that have been recently reconstructed and have appropriate drainage and suitable outlets, they would rise to the top.

Councillor Noyes enquired if that will be in the comprehensive Ditching Report to which Mr. Walsh responded it would be in the Master Plan.
(b) Councillor Noyes

Councillor Noyes asked for an update on the Baker Road closure.

Mr. Walsh advised Beam Construction advises this will be the last week of the closure. The underground reconstruction is done and they're doing the road reconstruction right now. There is a significant difference between the new elevation and the old elevation of the road which makes one-way traffic through the day unsafe. Mr. Beam's crew will be working diligently to complete it this week.

Councillor Noyes asked when they connect Baker Road to Black Creek Road there will be a major road closure then for maybe one or two days. Mr. Walsh responded that has already been done.

(c) Councillor Dubanow

Councillor Dubanow advised there was significant traffic backed up to the bridge on Bertie Street and Garrison Road in Ward 2 yesterday. It was one of the worst that he has seen, and it posed a real inconvenience to the residents in Ward 2 and particularly to the businesses along Garrison Road. He thanked everyone who lives in the area for their patience. He asked if Mr. Walsh could reach out to the Niagara Regional Police and find out if in the future when we have that kind of traffic congestion, can they keep an eye out and put a traffic management plan in place so that residents can get out of their driveways.

Mr. Walsh responded he will bring that up to the Staff Sergeant of the NRP.

(d) Councillor Butler

Councillor Butler enquired if the road repairs have been delayed due to the weather conditions.

Mr. Walsh asked if the Councillor was speaking to pothole repairs or the resurfacing programs, as we have not had rain in a while and the contractors are making good progress on the resurfacing programs. He is not sure how far or if we are behind on the pothole repairs.
Councillor Butler responded both and Mr. Walsh replied he would look into it.

(e) Councillor Butler

Councillor Butler asked to receive an updated list of the roads that are scheduled for repairs and the timeframes they are scheduled for. Mr. Walsh advised he will get her that list.

(f) Councillor McDermott

Councillor McDermott asked if we have made headway on both sides of Klauck Street with the parking. He advised that he had a discussion with Mr. Walsh a bit ago with regards to Klauck Street where there is ample area for parking on both sides of the street and have the parking spaces been provided. Mr. Walsh advised he will get back to Councillor McDermott on that.

(g) Councillor McDermott

Councillor McDermott asked for an update for the residents on Highland Avenue respecting when the project is going to tender and when it will get done.

Mr. Walsh responded they are expecting to go to tender shortly and expect construction to begin mid to late September. Councillor McDermott asked if they will have ample time to get that stretch done by then. Mr. Walsh responded they should be able to if the contractor works diligently. They are sometimes at the mercy of weather though.

(h) Councillor Lubberts

Councillor Lubberts explained that last year during the election campaign, there were a residents who were concerned about the ditches and weeds along Dovercourt, which was brought up at a Council meeting. It was his impression that it was agreed that something needed to be done about the weeds and the grade and the steepness of the ditches as some of the residents are elderly. They can’t cut the grass and the weeds are going to grow. They spend a lot of money on landscaping and meanwhile, the weeds are overgrowing. He thought the Infrastructure Department was going to address it but to date nothing’s been done.
Mr. Walsh responded he agrees with Councillor Lubberts something needs to be done but unfortunately, they have had staff shortages in the Engineering Department. A new Project Manager is coming on staff shortly. This remedial project as a design deficiency will be added to his slate of work. He hopes to have something in place and executed this Fall.

Councillor Lubberts stated he needs to know what the plan is, and are we going to put something in place so the ditches aren’t as steep and they can cut the grass.

Mr. Walsh responded in the affirmative. Councillor Lubberts asked if that will change the grade and Mr. Walsh confirmed that it would.

PDS-39-2019 Short Term Rental Recommendation Report *(Postponed from the June 10, 2019 Council-in-Committee Meeting - Previously Moved by Mayor Redekop as Recommendation No. 8.)*

The recommendation below contains the amendments moved and carried on June 10, 2019.

Previously moved by Mayor Redekop as Recommendation No. 8 at the June 10, 2019 Council-in-Committee Meeting.

Mayor Redekop further moved Option No. 1 in the first recommendation, which he advised he neglected to move on June 10, 2019.
The Chair directed that each recommendation be dealt with separately.

That: Council approves the short term rental Option # 1 in Report No. PDS-39-2019 as the preferred direction for addressing short-term rentals, and directs staff to bring forward the amending licencing by-law, subject to the following amendments to Schedule “A” of the draft by-law:

- Section 5.12 is amended to change the occupancy to be limited to two (2) adults per bedroom as long as it meets the requirements of the Ontario Fire Code and the Ontario Building Code Act;
- Section 5.1 is removed, which will remove the one hundred and fifty (150) calendar days requirement, to allow for a 365 day cycle;
- A new Section 5.13 is added under “5.0 General Regulations” to provide that Short Term Rentals may be located on private or municipal services;
- A new subsection is added under Subsection 4.4 that every application for a new Short Term Rental Licence or renewal shall include an Acknowledgement by the Region of Niagara that the dwelling has a functioning septic system;
- A new subsection is added under Subsection 4.4 that every application for a new Short Term Rental Licence or renewal shall include a certificate of proof that the well water is safe and that it be provided on an annual basis; and
- Section 4.4 Subsection 8 under “Section 4.0 Administration” is amended to include that the Town is also to be included on the Proof of Insurance as additional insured, and further

That: Council directs staff to bring forward amendments to the fees and charges by-law for consideration by Council as per the fees outlined in the Costing Option #____ Table 2, and further

That: Council authorize staff to bring forward a new Administrative Penalty System for By-laws relating to but not limited to the enforcement of short term rentals.
Recommendation No. 7  
Moved by: Councillor Noyes  

**That:** The recommendations be further amended that: the Owner does not need to be the primary occupant, which would remove the definition of “primary occupant” in Section 1, and remove Sections 3.1(d) and 6.1 (o).  

*(Carried)*

_Council recessed from 8:16 p.m. to 8:30 p.m._

Recommendation No. 8  
Moved by: Mayor Redekop  

**That:** The whole recommendation including all of the “That’s”, be amended to: “That: Council approves modified Option 1 so that matters aside from things relating to health and safety, such as water testing, septic system if not on sanitary sewer, Fire Code and basic information required to identify the property and what’s in the property, would be a licensing process. The appeal provisions remain with a $300 per year licence fee commencing January 1, to December 31, 2020, as a pilot project that would be reviewed at the end of 2020 to see whether other requirements which should be imposed or other things have arisen that need to be considered.”  

*(Carried)*

_Mayor Redekop clarified that the draft by-law would be coming forward next week, and anything that a Councillor felt should be included but was not, could be brought forward at that time._

Following the amendment, the recommendations were voted on as amended:

**That:** Council approves modified Option 1 so that matters aside from things relating to health and safety, such as water testing, septic system if not on sanitary sewer, Fire Code and basic information required to identify the property and what’s in the property, would be a licensing process, and the appeal provisions remain and there be a $300 per year commencing January 1, to December 31, 2020, as a pilot project that would be reviewed at the end of 2020 to see whether other requirements which should be imposed or other things have arisen that need to be considered, and further

**That:** Council directs staff to bring forward the amendments to the Fees and Charges By-law for consideration by Council as amended.  

*(Carried)*
The Chair was turned over to Councillor Noyes due to Councillor Butler’s conflict of interest.

(a) Councillor Dubanow

Councillor Dubanow advised he saw an article in the local newspaper by Kris Dube mentioning that the Friendship Festival did not receive any grant funding from Celebrate Ontario. He knows there has been some discussions regarding a coordinated effort to find funding for festivals within Fort Erie. It is concerning for him because the Friendship Festival is in Ward 2 and it might be time to promote these festivals more effectively, have a unified means to apply for grants and use them to drive economic activity and tourism to Fort Erie.
