Ms. Linda Ford

RE: Stage 1-2 Archaeological Assessment, Northwest Corner of Rebstock Road and Ridge Road South, Fort Erie, ON

Dear Linda,

This letter is to inform you that a stage 1-2 archaeological assessment was undertaken at this address on Friday May 7, 2021. The assessment consisted of test pitting at 5m intervals. No archaeological resources were found. As a result, a report recommending clearance of the archaeological condition will be produced and submitted to the Ontario Ministry of Heritage, Sport, Tourism and Culture Industries recommending clearance of the archaeological condition.

If you have any questions, please don't hesitate to contact me. I trust this is of assistance.

Best regards,

Garth
