

The Municipal Corporation of the Town of Fort Erie

By-law No. 16-2019

Being a By-law to Adopt the 2019 Water and Wastewater Budget, to Adopt Rates and Fees For The Year 2019

Whereas By-law No. 6-2018 adopted rates and fees for the year 2018 and continues in effect until superseded by the passage of this by-law; and

Whereas Report No. CBC-01-2019 was considered and approved at the Council-in-Budget Committee meeting held on January 23, 2019, as follows:

THAT: Council approves the 2019 Water and Wastewater Operating Budget attached as Appendix "1", and further

THAT: Council revises the 2019 Water and Wastewater Base and Consumption rates, subject to Regional Council approval of forecasted treatment rates, effective with billing for January 2019 consumption as follows:

- 2019 water base rate per month: \$25.27
 - 2019 water rate per cubic metre: \$1.503
 - 2019 wastewater base rate per month: \$41.06
 - 2019 wastewater rate per cubic metre: \$1.844
- and further,

THAT: Council excludes the capital asset amortization of \$1,532,300 from the 2019 Water and Wastewater Operating Budgets, and further

THAT: Council directs staff to submit the 2019 Water and Wastewater Operating Budget and Rates By-law for Council approval on February 11, 2019; and

Whereas in accordance with Public Notice Policy By-law No. 206-07 public notice of the budget meeting schedule and by-law adoption was published in the Post on January 31, 2019, posted on the Town of Fort Erie website and included in the Council-in-Committee Agendas;

Now Therefore the Municipal Council of The Corporation of the Town of Fort Erie enacts as follows:

1. **That** the 2019 Water and Wastewater Budget for the Town of Fort Erie as set out in Schedule "A" attached and forming part of this by-law is approved and adopted.
2. **That** the Water and Wastewater Rates for 2019 and Fees and Charges as set out in Schedule "B" attached and forming part of this by-law are established approved and adopted.
3. **That** the rates and fees and charges established herein shall remain in effect until repealed or superceded by another by-law.

- Read a first, second and third time and finally passed this 11th day of February, 2019.**

Clerk

I, Carol Schofield, the Clerk, of The Corporation of the Town of Fort Erie certifies the foregoing to be a true copy of By-law No. 16-2019 of the said Town. Given under my hand and the seal of the said Corporation, this day of , 2019

(For clarification; the first bill utilizing the 2019 rates will be mailed February 15th, 2019 and will include the January 2019 consumption and base period. The due date of the bill will be March 5th, 2019.)

- 1.2 The base rate set out in Section (1.1) above, applies to all buildings in a serviced area provided with a water service connection, or a wastewater service connection, or both.
- 1.3 The monthly water and wastewater flat rates for 25 mm or greater meter sizes shall be calculated on the basis of the applicable meter rate plus the estimated monthly usage established by engineering study.
- 1.4 A monthly rate shall be applied in accordance with Section (1.1) herein, and collected from customers connected to the wastewater collection system but not connected to the water system.
- 1.5 The monthly wastewater flat rate for customers provided with wastewater services only shall include the minimum base rate for wastewater as set out in Section (1.1) herein.
- 1.6 The minimum monthly billing for water or wastewater or both shall be the base rate according to meter size.
- 1.7 Notwithstanding any other provisions of this by-law, where a single meter is installed for the servicing of a multi-unit complex, the monthly water and wastewater base rate shall be the base rate for a meter size less than 25 mm multiplied by the number of units in the complex or such other base rate established in any development agreement entered into between the Town and the property owner.

2. **CONSTRUCTION, RENOVATION, COMMERCIAL OR OTHER USE OF UNMETERED WATER**

- 2.1 Except as approved by separate agreement, where water is obtained from the Corporation for building construction or renovation purposes, prior to water meter installation, the charges shall be calculated as follows:

A one-time initial flat rate fee of:	\$208.00	Up to 3,000 square feet of gross floor area
	\$312.00	3,000 to 6,000 square feet gross floor area
	\$416.00	6,000 square feet and over

to be paid upon the issuance of the building permit or a conditional building permit. This fee covers the cost of water used and an estimate of contributions to the sanitary system through direct inflow during new construction or renovation for a maximum period of 90 days after which time a monthly flat rate fee for water and wastewater as established by the Engineer, or his designate, shall apply until the meter is installed. The 90-day period may be extended with cause, in writing, by the Engineer or designate on the payment of a pro-rated fee based on the initial flat rate fee.

2.2 Other Unmetered Usage

Except as approved by separate agreement, where unmetered water is obtained from the Corporation for commercial or social usages and where such water is provided unmetered, the Engineer or his designate shall approve the manner in which the water is obtained and discharged and shall calculate the appropriate fees, both base rates and consumption rates, to be applied, based on estimated water usage, and estimated return of water to the wastewater collection system, the applicable water and wastewater rates and the duration of time services will be supplied. The calculated fees shall be paid upon the issuance of permission to obtain water.

2.3 Water Returned to the Wastewater Collection System

Except as authorized by the Engineer or designate, only water originating from the water works system may be returned to the wastewater collection system. Storm, surface and ground waters shall be directed to the appropriate storm water drainage system.

3. WASTEWATER SERVICE RATES

3.1 Metered Non-Domestic Wastewater Users

Metered non-domestic wastewater users shall be charged a usage rate and a monthly base rate and as set out below in sub-paragraphs a) and b) respectively:

a) Usage Rate

A usage rate per metered volume of wastewater discharged to the wastewater collection system as per sub-section 1.1

b) Base Rates

(i) Water and Wastewater Non-domestic Customers

Non-domestic customers receiving both metered water and metered wastewater services shall pay a monthly single wastewater base rate based on the water meter size as set out in sub-section 1.1

(ii) Non-domestic Wastewater Only Customers

Non-domestic customers receiving metered wastewater services only shall pay a monthly wastewater base rate calculated, by the Engineer or his designate, based on the equivalent water meter size for the peak rate of wastewater discharge.

4. PENALTY

- 4.1** The water and wastewater rates set out in Section (1.1) and not paid in full on or before the due date will be charged a penalty of one and one half percent (1.5%). If a water and/or wastewater account is partially paid, payment of the penalty is required on the unpaid portion.
- 4.2** Senior citizens upon proof of age of sixty-five will not be charged a penalty on the water and wastewater rates for their primary residence.

5. METER BILLING CALCULATION – FIRST TIME CUSTOMER

- 5.1** Where a customer paying for water and wastewater services on a meter rate basis is first added to the municipal metered billing system, the first metered bill shall be issued on the next regularly scheduled billing date following the date of installation to the date on which the meter was read.

6. NON SUFFICIENT FUND (NSF) CHARGES

- 6.1** NSF payments shall result in a fee of \$30.00 exclusive of any applicable taxes. Two NSF payments made within a one (1) year period shall result in the suspension of cheque writing privileges to the Town of Fort Erie for a period of one year from the date of the last NSF payment.

8. INDEXING OF SERVICE FEES

8.1 The service fees set out in Section 7 with the exception of 7.19 and 7.20 hereto shall be adjusted without amendment to this By-law annually for all billings issued after February 1st in each year, based on the 12 months to September 30th Statistics Canada *Consumer Price Index (CPI)*.

9. FAILURE TO RECEIVE BILL

9.1 Failure to receive a bill for services rendered does not preclude payment.

10. WATER/WASTEWATER RATE STRUCTURE

10.1 Water and wastewater rates established herein shall be adjusted without by-law amendment to this schedule, to reflect changes in rates charged by the Regional Municipality of Niagara for water and wastewater treatment as charges become effective.

10.2 Water and wastewater rates shall be adjusted annually to reflect Council approved water and wastewater budgets.

10.3 Water rates shall include a consumption rate that recovers the costs of Regional water supply, as well as a portion of the water and wastewater utility operating costs.

- 10.4** Water rates shall include a base rate that recovers all other costs related to water not recovered through the consumption rate and other miscellaneous water revenues as detailed in the annual water budget approved by Council.
- 10.5** Wastewater rates shall include a consumption rate that recovers the cost of wastewater services, maintenance and all costs of Regional treatment.
- 10.6** Wastewater rates shall include a base rate that recovers all other costs related to wastewater services not recovered through the wastewater consumption rate and other miscellaneous wastewater revenues as detailed in the annual wastewater budget approved by Council, including wastewater system operations, extraneous flow and capital programs.
