

BUILDING SAFETY MONTH 2026

OBOA70

CELEBRATING A LEGACY OF BUILDING SAFETY

The Ontario Building Officials Association (OBOA) was formed on March 6, 1956, with the goal to form an Association to strengthen building inspection standards in Ontario, promote uniform regulations and proper legislation, and support the education and professional development of Building Officials.

OBOA has supported Building Officials for 70 years, strengthening building safety across Ontario. OBOA continues to evolve to support the industry as it changes.

OBOA provides Building Officials with the knowledge and information they need to ensure communities are built safe and built to last.

444 MUNICIPALITIES 2300+ MEMBERS

Protecting Communities: OBOA's Role in Public Safety

- **Professional Education & Training** – Maintaining knowledgeable in the latest codes, standards, and construction practices.
- **Supporting Consistent Enforcement** – Promoting uniform application of regulations
- **Knowledge Sharing** – Shares best practices, discuss emerging issues, and improve inspection methods amongst other Building Officials in the Province.

Through leadership, education, and collaboration, OBOA helps ensure buildings in Ontario are safe, code-compliant, and built to protect the communities they serve.
